

Dear Valued Customer,

Extreme weather conditions and high fire-danger are forecasted in BUTTE County, starting this Thursday, 11/8/2018 and lasting into Friday, 11/9/2018.

These weather conditions may cause power outages in the area of your address starting with [REDACTED]. To protect public safety, PG&E may also temporarily turn off power during the early morning hours in your neighborhood or community. **If the outage occurs overnight, we will not be calling you again before turning off power.** We would begin providing updates starting Thursday morning.

We understand how important electric service is to you and your family. If there is an outage, we will work to restore service as soon as it is safe to do so.

Please have your emergency plan ready. If you see a downed power line, assume it is energized and extremely dangerous. Do not touch or try to move it — and keep children and animals away. Report downed power lines immediately by calling 911.

For more information on how to prepare, please visit [pge.com/wildfiresafety](http://pge.com/wildfiresafety) or call **1-800-PGE-5002**.

Thank you,

Pacific Gas and Electric Company
